Buckingham has developed the TITANIUM CLIMBER to provide strength, light weight and comfort for total confidence while climbing. Laboratory tests have proven the Titanium Climber will provide years of service. The benefit of titanium is it's as strong as steel and lighter than aluminum. A perfect combination for climbers.

Benefits:

- Lightest climber available, 11% lighter than aluminum
Titanium 3 lbs., 1.8 oz.
Aluminum 3 lbs., 7.7 oz.
- Strong as steel, stronger and lighter than aluminum
- Stainless steel Allen screws for easy gaff change out
- Accepts climber foot plate
- 16° gaff angle (replaceable gaff models)

Options:

- Offset or straight stirrup
- Long or standard sleeve
- Available with twisted shank
Add 'T' to catalog number

Titanium Permanent Tree Climber Straight Stirrup

This climber is the titanium version of our most popular selling permanent tree climber. The benefits of titanium is that it's as strong as steel and a full 1 1/2 lbs. per pair lighter
