

## INSULATING GLOVES

Made from the highest quality natural gum rubber available and manufactured with the best rubber-to-filler mixtures in the industry. Especially contoured to fit the human hand, all gloves are flexible, comfortable to wear and will not cramp or fatigue the muscles of the hand. Two-toned construction aids in detection of cuts abrasions and other damage. Available in full range of styles, lengths, and sizes.

**Straight Cuff (Std)**

14, 16 and 18-inch lengths.

**Bell Cuff (BC)**

14, 16 and 18-inch lengths.

**One-Finger Mitten (M)**

14, 16 and 18-inch lengths. Available in either Straight or Bell cuff style.

**Contoured Cuff (CC)**

18-inch length. Available in either Straight or Bell cuff style.

**Low Voltage (LV)**

11 and 14-inch lengths.

**NOTE:** High voltage gloves available in solid black or two-color (yellow/black or red/black). Low voltage gloves furnished in yellow unless otherwise requested.

### How to Order

**Example:** If you want a 16" glove for a Class 2 (20kV) application, yellow inside and black outside, and want the Bell Cuff option, the correct part number would be:
